The '52 Kraftsman

presents

"Teaching 'Tabby' Tiger"

FOREWORD

To each is given a bag of tools,
A shapeless mass and a book of rules,
And each must make, ere life is flown,
A stumbling-block or a stepping-stone.

—R. L. SHARPE

As we look back upon the years of our high school career, we recall many cherished moments we should like to remember always, and perhaps many weary ones we should like to forget forever.

This book is published with the hope that it will help you remember the good times and the stepping-stones you made for yourself as the year went by.

We sincerely hope that there have not been too many stumbling-blocks in your path, and that those which did appear will crumble easily as this book vividly recalls to your memory the right steps you took during the year.

This is the twelfth annual ever to be published by this school. To do something once is an accomplishment. To repeat it — and to do so successfully — is an achievement.

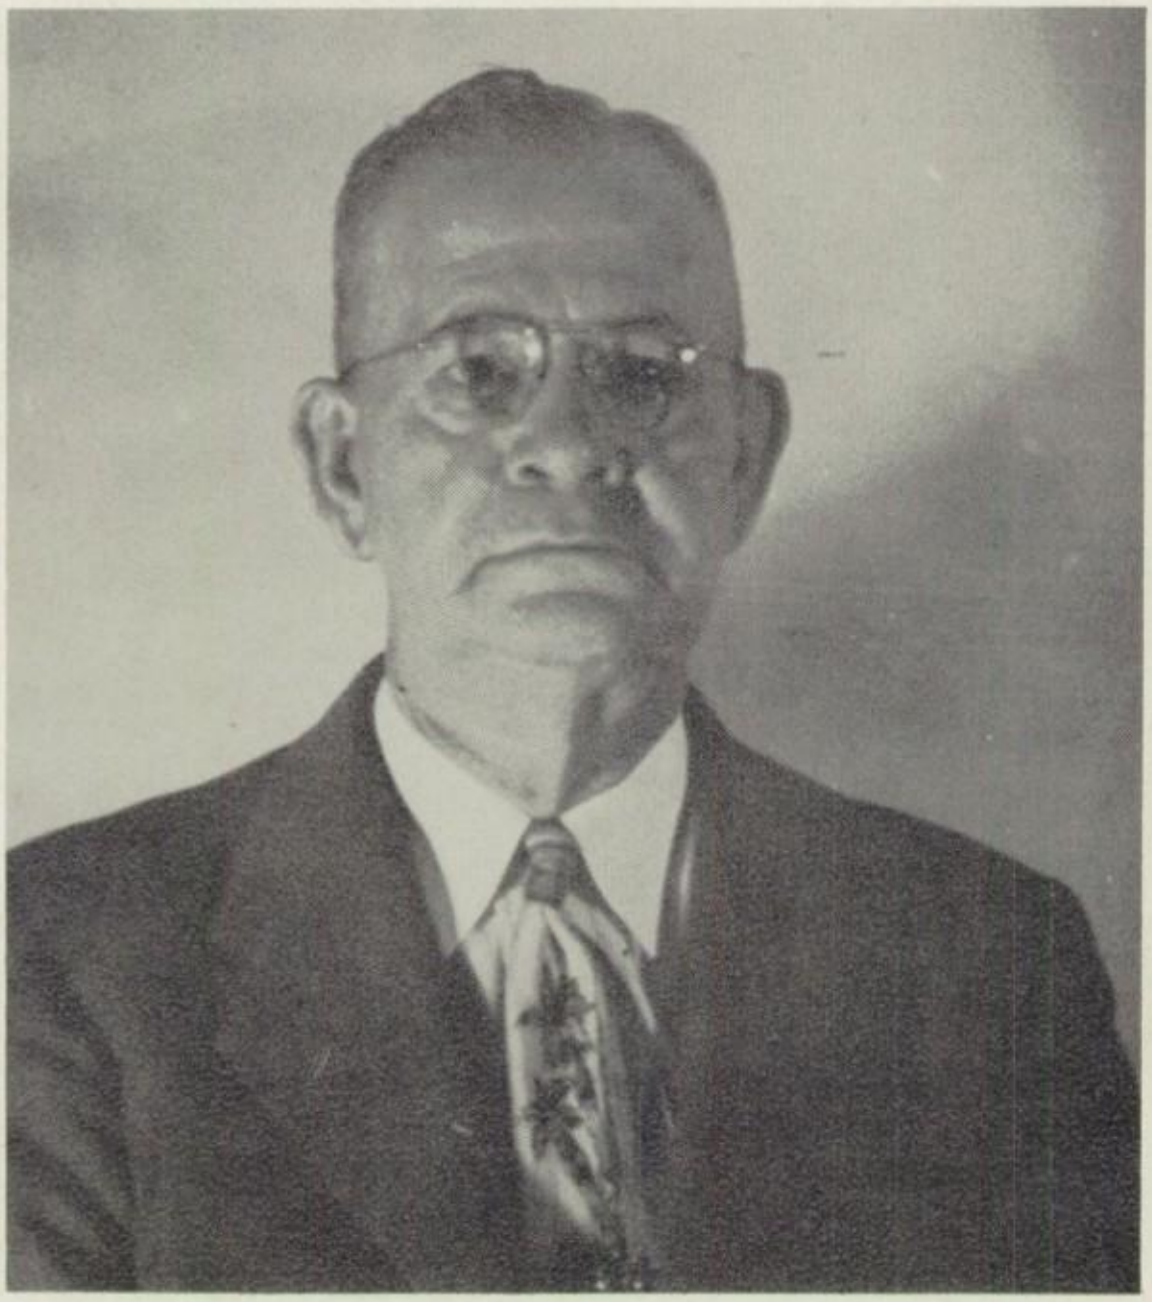
DEDICATION



We, the annual staff, hereby dedicate the 1952 Kraftsman to DR. CHARLES SIDNEY McDONALD, who for many years has given so generously of his time to various activities, especially in caring for the football boys.

We can't repay the time he's spent
In helping us each passing day.
Yet we will never be content
In having debts we can't repay.

We are grateful for his help
And other things we may not know.
So we would like him to accept
This token which we now bestow.

PRINCIPAL'S MESSAGE

Seniors:

May you think of this annual as the curtain which has been drawn upon the stage of a very successful high school career for you. May you always look at this record, knowing that we have enjoyed one of the most cooperative student bodies, with whom we, as a faculty, have had the opportunity to work.

Congratulations to you for this splendid piece of work, and may I say to you that so long as you are as intent upon other worthy tasks, you will be just as successful.

Sincerely,

W. F. Bailey
